

VOLUME NO. 11

VERNON, WILBARGER COUNTY, TEXAS, SEPT. 9, 1919

NAME LEADERS OF  
SALVATION ARMY  
DRIVE IN COUNTY

Community Quota of \$1,500 Will Be Divided Between Thirty-Nine School Districts on Basis of Scholastic Enrollment—Vernon Asked to Subscribe \$1,500.

Leaders for the various school districts have been named to help raise \$1,500 for the Salvation Army in one week, beginning September 29. This amount is divided between thirty-nine communities on basis of scholastic enrollment, and it is thought that every community will over-subscribe its quota.

Plans are being perfected by the women, who will have charge of securing \$1,500 in Vernon. The money may be raised before the week of the drive. With so nominal a sum to give and money as plentiful as it is now, the leaders do not anticipate any great difficulty in getting an oversubscription.

Following is a list of the community chairmen and vice-chairmen, the chairman's name being first in each case:

Jackson Springs—J. M. Collins, P. C. Spears, Will Lyon.  
Odell—W. T. Collins, Rev. Leslie Robeson, and R. N. Coffey.

## RAILROAD STRIKES WILL BE CRUSHED

A MITCHELL PALMER  
PHOTO. BY HARRIS & EVING

Railroad strikes will not be permitted to interfere with the country's industry, according to Attorney General A. Mitchell Palmer. The Attorney General, with sanction of President Wilson, has advised federal District Attorneys to arrest and prosecute all persons who interfere with the operation of railroads under federal control or whose actions may delay the United States mails.

ODELL'S FIRST BALE  
IN TOWN THURSDAY

OKLAHOMAN GETS \$31.25 PER HUNDRED AND PREMIUM OF \$15.00.

The first bale of cotton for the 1919 season to be ginned at Odell was brought to that town Thursday by Joe Mayo, who lives across the river in Oklahoma. The bale turned out 490 pounds and was sold for \$31.25 per hundred. A premium of \$15 was paid by Odell business men. The bale was ginned by S. B. Starr.

The Chickasha Cotton Oil Company, owner of a gin at Odell, recently bought the plant of S. B. Sutton, and will operate it this season. It is probable that the old gin of this firm will not be operated, but it is generally believed that the big crop in the Odell country will make it necessary.

Leo Cummins is the local manager for the Chickasha Cotton Oil Company at Odell.

## VERNON BEST ADVERTISED.

Austin Man Says People Over State Hear More About This Section Than Any Other.

J. H. Tyler of Austin was in Vernon yesterday, en route home from Fort Stockton, where he has been for several weeks. He thinks the outlook for oil in Wilbarger county is splendid.

Mr. Tyler says Vernon is the best advertised town in Texas. He reads about this section in every paper, and finds Vernon date lines wherever he goes. Especially in El Paso and San Antonio papers, he says, (there are numerous articles about Vernon and Wilbarger county).

Mr. Tyler was assistant attorney general under B. F. Looney.

## Delphians With Mrs. Williams.

The Delphian Club will meet at the home of Mrs. B. A. Williams on Wednesday, September 17. The lesson for the week will be found in Delphian Course No. 7, and includes the first two sets of questions on Roman literature. The members will answer to roll call with one of their favorite recipes or some household suggestion. The officers urge a full attendance to discuss the work planned for the coming year.

## E. E. Graf Gets Third Bale.

E. E. Graf who lives eight miles northeast of Vernon brought in the third bale of the season Monday. The bale netted 600 pounds of staple. It has not been marketed. Mr. Graf says he has several bales open on his place that he has not picked. The first and second bales of the 1919 crop were brought in by H. B. Cox and Ernest Schur, respectively, Wednesday.

35 HORSES ENTER  
FOR COUNTY FAIR

OIL MEN CONTRIBUTE \$1,000 AS SPECIAL PACE AND TROT PRIZES.

Manager R. H. Coffee announces that thirty-five horses have already been entered for the Wilbarger County Fair next month. He expects a great many more entries, and says some of the fastest animals in this section will be in Vernon October 1, 2, 3, and 4.

Prizes amounting to \$2,675 have been contributed for the racing program. Of this amount \$1,000 was given by local oil men to be used as special prizes for pacing and trotting races, \$500 for each day.

Following is the racing program:  
First day, October 1—2:25 trot, purse \$200.00; 2:17 pace, purse, \$200.00; 1:4 mile dash, \$75.00; 3:4 mile dash, purse, \$75.00.

Second day, October 2—Free for all pace (oil men purse), \$500.00; 2:16 trot, \$200.00; 3:8 mile dash, purse, \$75.00; 1 and 1-8 mile derby purse, \$125.00.

Third day, October 3—Free for all pace (oil men purse), \$500.00; 2:16 trot, \$200.00; 3:8 mile dash, purse, \$75.00; 1 and 1-8 mile derby purse, \$125.00.

Fourth day, October 4—Free for all trot (oil men purse), \$500.00; 2:12 mile relay race, purse, \$100.00; Auto race free for all purse, \$100.00.

There will also be special and consolation races with suitable purses October 4.

An entrance fee of 5 per cent will be charged, which fee will be added to the purse in all races, except the oil men purses.

TRADED SIXTY ACRES COTTON  
FOR SACK OF DURHAM TOBACCO

J. W. Hingst was in town Saturday, and brought along a clipping from the Cigero Record, stating that Odis Boghe of Stratton swapped sixty acres of cotton for a sack of Durham tobacco, and a small sack, at that. The trade was made with Frank Lackey, and Mr. Boghe considered that he had made a good trade. One provision of the trade was that Mr. Lackey was to pick the cotton.

Mr. Hingst formerly lived near Cuero, although he has lived in Wilbarger county about eleven years. He thinks his cotton will make better than half a bale to an acre this year.

## Denver Man Lives Vernon.

W. D. Outman of Denver, Colo., was in Vernon last week, the guest of J. D. Parnell. Mr. Outman is manager of the Peoples Stock Exchange. He predicts a great oil field for Wilbarger county, and says Vernon is one of the most substantial towns he has seen.

COUNTY CLUBS HOLD  
TWO-DAY RALLY AT  
DOANS CAMP SITE

Attendance Was Small Friday and Saturday Owing to Difficulty of Reaching Camp But Enthusiasm Made Up for Lack of Numbers—Harry Awalt Wins Prize for Judging Maize.

Out of a total membership of approximately one thousand only about seventy-five or eighty club members were present at the club rally held on the Doans picnic grounds Friday and Saturday. The small attendance is attributed to the fact that the place of meeting was inconvenient for all but those living in the northern part of the county. The enthusiasm displayed by those present more than made up for the absence of members. County Agent N. R. Tisdal declared.

Mr. Tisdal and Home Demonstration Agent, Miss Ouida Wilcox were assisted in the rally by H. H. Williamson, district director of boys' clubs; J. R. Hunter, county agent of Childress county; Mrs. Flora Barnes, district home demonstration agent; and Miss Flora Harbert, home demonstration agent of Childress county, all of whom delivered addresses touching on the various phases of club work. Mrs. Barnes had charge of what is known as the "round up," in which the club members were called on to get up and give a report of their work in the club during the last two or three years.

A feature of the program of the boys' clubs was the seed selection contest. Under the direction of Mr. Hunter the boys were taken to a nearby maize field and a prize offered for the selection of the best ten heads of seed maize. Harry Awalt, Chillicothe, Route 1, was awarded first prize; Ray Hix, Vernon, Route 1, got second place, and the third prize went to Ernest Sherman, who lives on Route 1, Oklaunion.

The various problems of the county exhibits were taken up and thoroughly discussed. Especially was this matter given emphasis by Miss Wilcox to the members of the girls' clubs. What to exhibit and the way it should be fixed up for exhibition was explained. The indications are that the number of exhibits from club members this year will be larger than ever before. All of the members are enthusiastic in their desire to win the prizes at the County Fair, and thereby win the free trip to the State Fair at Dallas.

But with all of the lectures and instructions the management of the rally did not neglect the recreation feature. The various periods of instruction were interspersed with games, sing-songs and hikes. The sleep of the campers was considerably disturbed by the howling of the coyotes, according to reports.

## DIED OF TYPHOID FEVER.

Funeral Services of Miss Birdie Ballew Were Conducted Yesterday Morning by Rev. Hall.

Funeral services of Miss Birdie Ballew, daughter of Mr. and Mrs. E. L. Ballew, were conducted at East View cemetery at 10:30 o'clock yesterday morning by Rev. Gaines B. Hall, pastor of the local Presbyterian Church. Death came Sunday morning after an extended spell of illness with typhoid fever.

Deceased was twenty years of age. A host of friends will join in sympathy for the sorrow stricken relatives.

## Eight Take Teachers' Examination.

Eight took the teachers' examination held in the high school building Friday and Saturday. Messrs. H. H. Nixon and J. L. Winslett and Misses Mattie Carney, Augus Gedhansen and Ruby Spears took the tests for state certificates. Applicants for county certificates were: Misses Thelma Kilgough, Marie Marr, and Lucile Marr.

## Odell Schools Open October 6th.

The Odell schools will begin an eight-months term Monday, October 6th, with public exercises. M. E. Grimes is principal, this being his second year, and his wife is teacher of the seventh and eighth grades. Miss Ruth Westbrook of Vernon will teach the third, fourth and fifth grades and Mrs. J. R. Huie of Odell will have charge of the primary grades.

## EX-PREMIER OF HUNGARY PROMENADING

Left to right—JOSEPH ROGANY, army commander; SIGISMUND KANFI, minister of education; and BELA KUN

Bela Kun, ex-Premier of Hungary, is shown promenading on one of the boulevards of Budapest, Hungary, with the commander of the Hungarian army and the Minister of Education.

3 RURAL SCHOOLS  
BEGIN FALL TERM

WEST VERNON, HARROLD AND RONDA ONLY ONES TO OPEN YESTERDAY.

West Vernon, Harrold and Ronda are the only rural schools of Wilbarger county that opened their 1919-20 session yesterday. Other schools will open within two or three weeks, and some will not start work until probably as late as Christmas. The time set for opening depends entirely upon the length of the term and the local conditions with reference to the crops. The school work will not be taken up in many of the districts until the farmers have caught up with their crop gathering.

O. L. Wood is principal of the West Vernon school this year. His assistants are Miss Theresa Hazard and Miss Eve Lou Stephens. About sixty pupils were present on the opening day and this number is expected to be increased considerably as the session progresses.

The attendance at the Harrold school promises to be larger than ever before. The scholastic census of that district increased to such an extent that it was necessary to add another teacher. R. M. Holt is principal. He is assisted by Misses Irbey Cooke, Ruby Martin, Daisy Moody and Esther Sorenson.

Miss Daisy Morrow is teacher of the Ronda school.

None of these schools have received free text books and will use the old books until the arrival of the shipment from Austin. Very few of the state books have arrived to date.

OIL JOURNAL TO HAVE SECTION  
DEVOTED TO WILBARGER

Oil men and people interested in the oil development of Wilbarger county will be pleased to learn that the Northwest Texas Oil Journal, which is published at Electra, will in the future have a special section dedicated to the development of the county and to the civic growth of Vernon and other towns in the county.

H. A. Stroud, publisher of the Northwest Texas Oil Journal, formerly lived at Harrold and spent several years in Wilbarger county. He states that the oil development of Wilbarger county is regarded with great interest by his readers.

The Northwest Texas Oil Journal is rapidly securing a national circulation, its promoters say, and is sold at all news stands in all the leading cities of Texas and surrounding states. Therefore, the advertising benefits that Vernon and Wilbarger county will derive from this medium can hardly be measured.

## R. E. Guthrie Buys Place.

J. H. Tinert has sold a place on East Pease street to R. E. Guthrie. Mr. Guthrie will occupy the new property as a home. The deal was negotiated by J. R. Jones.

MEMPHIS MAN IS  
DISTRICT ATTORNEY

J. V. LEAK APPOINTED BY GOVERNOR HOBBY TO SUCCEED O. T. WARLICK.

Governor Hobby has appointed J. V. Leak of Memphis to the position of district attorney of the Forty-sixth Judicial District, to succeed O. T. Warlick of this city, resigned. Mr. Leak has been practicing law in Memphis for several years and only recently received his discharge, after having served in the army as a lieutenant. He arrived yesterday to take charge of the state's interests in the district court which convened here last week.

Other applicants for the appointment were C. A. Williams of Childress and J. A. Storey of this city.

Mr. Warlick, in resigning, stated that he would devote his time to his various business interests. His resignation was to have taken effect on September 1, but he continued his duties until the appointment of Mr. Leak.

## CRIMINAL DOCKET TAKEN UP.

Grand Jury Will Reconvene to Investigate Charge of Forgery Against Willie Lewis.

The criminal docket has been taken up by the District Court this week. The jury was called yesterday morning. Joe Price, charged with forgery, appeared and entered a plea of guilty. He was given a suspended sentence of three years.

The three men charged with stealing C. J. Farrell's automobile August 8 entered pleas of guilty and were given a suspended sentence of five years. The case against William Mitchell, charged with murder, and transferred from Baylor county, was continued by agreement.

The grand jury has been called to reconvene Monday to investigate the case of Willie Lewis, colored, charged with forgery.

## Teachers' Institute Closed Friday.

The institute being held jointly by the teachers of Vernon and Wilbarger county closed Friday, after a session of five days. Both County Superintendent J. N. Fulecher and City Superintendent B. F. Sisk expressed themselves as being greatly pleased with the spirit and interest displayed by the teachers. The lectures were instructive, they said, and the teachers, generally, took a great deal of pains in preparing their parts on the program.

## Rev. Hall Leaves for Presbytery.

Rev. Gaines B. Hall leaves today for Wichita Falls to attend the session of the Dallas Presbytery which will be held in that city today and tomorrow. J. A. Birdsong, who was selected as representative from the local church, is not sure that he will be able to leave his business to attend.

BELIEVE WILL BRING  
IN GOOD WELL NEAR  
HARROLD THIS WEEK

Sand Was Struck at 1,800 Feet and 800 Feet of Oil Is Standing in Hole on Zeiset Farm, Section 19, Block 13—Many Other Companies Are Drilling.

What is believed to be a good well will be brought in this week on the Zeiset farm, south of Harrold, on section 19, block 13. The oil sand was struck at 1,800 feet and 800 feet of oil is standing in the hole. It will be bailed out and brought in in a few days according to present plans. This is the most recent development of big interest in Wilbarger county and will attract renewed attention to local oil fields. Leases and stocks in wells in the Harrold country may be expected to make a big jump as soon as it is known definitely how big the Zeiset well is.

Another well that is near the oil sand and is looking good in the Harrold country is that of the Pope Oil Company on section 43, block 13, northeast of Harrold about three miles. The Pope is drilling at 1,600 feet and the drilling report says that every indication points to a good strike, probably within the next 200 feet.

The Neal-Hamilton, near Doans, is drilling, after having been delayed several weeks awaiting additional tools. Harrington-Robinson's McCaleb No. 1 is drilling at 700 feet, northeast of Doans.

Vernon Oil Development Company has been spudded in after being delayed on account of shortage of materials and tools.

Wilbarger County Oil Company's Carter No. 1, west of Odell, will be spudded in this week.

Webb-Magnuss is spudding in their Webb No. 1 on section 46, block 12, today.

Crescent Cove Petroleum Company are rigging up their Starr No. 1, near White City on section 7, block 15.

West Vernon Oil Company are drilling at 315 feet on section 91, block 14. Location has been made for Judd No. 1, section 45, block 14, by Nobles Oil & Development Company of Denver, Colo. This location is on the farm of R. B. Judd, near Box school house.

Byars Farm Oil Company are drilling at 800 feet on section 69, block 12. Waggoner Colony Oil Company, on section 55, block 12, have shut down waiting for casing.

American Eagle, section 49, block 13, rigging up.

McConnell, drilling at 450 feet, on section 25, block 13.

J. P. King No. 1 of the Kansas City Petroleum Company, is being rigged up.

Daniels and associates of Chillicothe are rigging up on section 67, block 16.

Gulf Production Company is drilling on section 12, block 14, on the W. T. Waggoner ranch.

Derriek timbers are being hauled to the Vassey-Odell location on section 14, block 11.

Guyer-Trisler, drilling around 1,000 feet on sub-division 121, Waggoner Colony lands.

Home Oil and Refining Company: Under-reaming 12 1-2 inch casing and drilling at 1,200 feet on section 35, block 1; drilling in a 12 1-2 inch hole at 800 feet on Paul Waggoner No. 1, on section 9, block 1.

Liberty Oil and Development Company's well is drilling at 1,100 feet on section 25, block 13.

Twin Six Oil Company is drilling at 700 feet on the same section and block as the Liberty.

## MAKES 27 1-2 BUSHELS WHEAT.

W. Hale Davis Credits Large Yield to Running Cultivator Ahead of Drill.

W. Hale Davis, south of Vernon, made an average of 27 1-2 bushels of hard wheat to an acre on 72 1-2 acres. He has just finished threshing. His oats yielded 46 1-2 bushels to an acre.

This unusual yield of wheat, Mr. Davis attributes to running a cultivator ahead of the drill, which put the land in fine condition. According to the thresherman, Mr. Davis' wheat was of unusual quality. The thresher handled 941 bushels of it in one day, which was the largest run of the season.

## Pictorium.

Wednesday—Louis Bennison in "High Pockets." The hero is called upon to solve a murder mystery; and although he is certain that his suspicions are sound, he has no means of verifying them. After a number of exciting hand-to-hand encounters, he conceals a plan through which the arch-murderer is led to confess his guilt.

Thursday—Peggy Hyland in "Cowardice Court." The story concerns a feud between two well-to-do families which have neighboring estates in the Adirondacks. The fight reaches the shotgun stage, and the latter it becomes the more closely together are drawn a young man and a young woman, members of the rival factions. Finally the young woman is put out of her home because of her lack of sympathy with her own family. The play is replete with comedy and thrills.

## More's.

Can a "girl of the merry-merry" make a good poor man's wife? You read in the papers every day about about chorus girls who marry millionaire brokers, wealthy miners, petted sons of the idle rich and so on, and they some times live happily in luxury's lap, but did you ever hear of a successful marriage when the man was poor? Margarita Fisher has solved the problem in "Trixie of the Follies," that shows at More's today, and the management says she surely can serve the slang.

Wednesday—The management announces that the J. Warren Kerrigan pictures are booked to play at their theater and the first one will be shown Wednesday. The title of the picture is "Come Again, Smith." This would ordinarily be enough to guarantee a good attendance, but in addition to this feature the management has secured the Fatty Arbuckle picture, "Love."

Thursday—Bert Lytell will appear in his latest picture, "One Thing at a Time, O'Day." In making this picture it was necessary to employ a whole circus, when it is taken into consideration that Lytell makes good comedy dramas and then a circus is added, a good show is assured.

## SUGGEST MORE FRISCO TRAINS.

Local Agent L. L. Herald Knows Nothing About Railroad Commission's Plan, However.

Additional train service from Clinton, Okla., to Vernon is proposed in a communication from the Texas Railroad Commission to the Corporation Commission of Oklahoma, according to reports in the daily press. The communication also suggested additional service between Snyder and Quanah. The service is to be tried for three months and, if not remunerative, will be discontinued.

A train would leave Vernon at 9:10 in the morning for Clinton, and leave the latter city for Vernon at 2:15 in the afternoon. Motor train between Snyder and Quanah would leave the latter city at 8:30 o'clock in the morning and returning leave Snyder at 2:15 o'clock in the afternoon.

Train service of Nos. 407 and 408 between Frederick and Vernon would be extended while the service of trains Nos. 610 and 611 between Snyder and Vernon would be discontinued.

Local Agent L. L. Herald of the Frisco has received nothing official concerning the proposed change.

## 17 SCHOOLS JOIN INTERSCHOLASTIC

### TEXAS UNIVERSITY REPRESENTATIVE URGES SPIRIT OF FAIR PLAY IN CONTESTS.

Seventeen county schools have become members of the Interscholastic League, which was perfected at the teachers institute Friday. This was practically all of the schools represented at the institute outside of Vernon.

The directorate of the county is composed as follows: A. J. Carpenter, Elliott school, director general; S. E. Porterfield, Tolbert, director of athletics; O. L. Wood, principal West Vernon, director of public speaking; Miss Mamie Allen, Fargo, director of essay writing; W. N. Martin, principal Lockett, director of spelling. By the new constitution and rules of the League, the county superintendent is ex-officio director of rural schools, so that J. N. Fuleher will serve in this capacity in the Wilbarger county League.

The following schools became paid up members of the League for the ensuing season: M. E. Grimes, Odell; O. L. Wood, West Vernon; J. H. Roles, Tolbert; O. W. Tooley, Thompson; Miss Emma Covert, Crescent Cove; W. N. Martin, Lockett; N. M. Harris, Farmers Valley; Mrs. Gertrude Jones, Bourland Consolidated; Mamie Allen, Fargo; F. C. Wood, Haney; A. J. Carpenter, Elliott; S. E. Porterfield, Kincheloe; Miss Leola Smith, Wildcat; Miss Una M. Brooks, Sherwood; W. N. Harnden, Doans.

W. M. Gourley of Oklaunion and R. M. Holt of Harrold pledged membership for their schools.

Roy Bedichek, vice-chairman of the League and representing the Extension Department of the University of Texas, presented the League work to the institute. He expressed himself as very much gratified at the interest shown in the work in this section. He pointed out that the League had been a potent influence in the state for eliminating professionalism from interscholastic contests and inculcating a spirit of fair play and clean sport among the schools.

Mr. Bedichek said that in certain communities and counties this old spirit still survived and urged upon the officers of the League in this county and school principals to exert every effort to see that the contests had their intended purpose that is, the development of clean athletics, and training for citizenship through the various literary contests.

### VERNON PLACED ON CIRCLE AUTOMOBILE TOURING ROUTE

G. A. Yelton, field manager for the Circle Automobile Men's Association of America, was in Vernon last week, and made arrangements to connect this city with the "Circle Route." R. W. Ferrell of the White Garage has become a member of the Association, and will be the recognized "Circle dealer" in Vernon.

The Circle Route, according to Mr. Yelton, is a system of highway marking being developed on a national scale by the Circle Automobile Men's Association of America, whose general offices are in Dallas.

The revenues of the Association are derived from memberships made up of dealers in automobile supplies and other specified lines of business and professions in each community. Members are known as "Circle Dealers," and acquire the right to display the Association's trade-marked "circle" signs in front of their places, or to attach the "Camaa" designs on their doors and windows.

The Circle Route system contemplates placing permanent markings on all the public roads and highways in the United States. These markers are wooden posts and circles set upon patented "everlasting" concrete bases, the circle on each post being about seven feet from the base, and shows the name of the next town with the mileage there-to, together with the letters "Camaa."

Great care has been taken to safeguard the interests of the public, and the Association through the co-operation of its dealer-members plans to eliminate many difficulties that have marred the pleasures of cross-country touring in the past. The Association represents officially the National Highway Association, Washington, D. C., and holds membership in the Federal Highway Council. It is pledged to support all good road movements, and will supplement the work of national and state highway bodies by an educational campaign of its own in furtherance of better travel conditions generally.

## Harrold News.

Harrold, Sept. 7.—(By special correspondence.) — Misses Daisy Moody, Clara Pulliam, Lydia Wilkinson and R. M. Holt of Harrold are among those who attended the teachers' institute in Vernon last week.

Miss Mary Cobb has returned home from Wichita Falls after a several days' visit with relatives.

J. E. Walsh of Wichita Falls is here this week in connection with the American Eagle Oil and Gas Company, of which he is president. The well was spudded in last week, however, Mr. Walsh thinks they may be delayed for a few days, waiting for casing.

Miss Ruth Fowler of Frederick, Okla., is the guest of her grandmother, Mrs. S. C. Fowler.

Fred Houtchens and family of Elliott were here shopping Thursday.

W. T. Houtchens and family from Elliott were Harrold visitors Sunday.

Mrs. W. A. Mudgett, who has had charge of the post office since July, has resigned her position and will make her home in Vernon. She will be succeeded by Miss Pattie Burgess.

Arthur B. Rook, who has been manager of the Harrold Elevator for some time, has accepted a position under J. B. Ferguson at Electra in connection with the elevator there.

Mrs. L. D. Langford and children of Guyer were in Harrold shopping Friday.

Mrs. J. N. Rook is having her home remodeled into a five-room bungalow.

Miss Ethel Stewart, who has been spending the summer with her sister at Marlin, Texas, has returned to her home here after a six-weeks' vacation.

Howard W. Adolph, who has been with the A. E. F. in France for the past two years, came in Monday for a few days' visit with his parents and relatives. Everyone is glad to welcome Howard back again.

Mr. and Mrs. Walter Kirk of Elliott were Harrold visitors Monday.

Miss Cora Trisler of Guyer left Thursday for Lockney, Texas, where she has accepted an offer as one of the high school teachers for this term.

Sue and Sam Gribble of Elliott left Sunday for Vernon, where they will enter the high school Monday, to resume their studies.

Misses Pearl and Ethel Raines are visiting relatives and friends at Floydada this week.

Mr. and Mrs. Sam Kelly are the proud parents of a baby girl, born September 6th.

Wedding bells were ringing so merrily in Harrold Sunday afternoon as Miss Tina Watkins became the bride of Tom Cobb. Miss Watkins, who has been connected with the First State bank here for the past ten days, left Saturday for a few days' visit with friends and relatives at Burk Burnett.

Robert Cinkley returned to his home at Waxahatchie Wednesday after a several days' visit here.

### BUYS FINE POLAND CHINAS.

J. L. Orr of Margaret Returned Saturday From Hog Sale at Watonga, Okla.

J. L. Orr, breeder of registered Poland China hogs, was in Vernon Saturday en route to his home at Margaret from Watonga, Okla., where he attended the Poland China sale of Harris & Lookabaugh.

Mr. Orr bought \$670 worth of stock to be placed in his herds. He brought one gilt that was sired by the grand champion boar of Oklahoma. Mr. Orr will have a string of hogs at the County Fair, which begins here the first of October.

## A Post-War Maxwell Gets Many a Longing Look

PASSERS-BY, upon seeing a Post-War Maxwell parked at the curb, often stop and look it over.

They are struck by the "atmosphere" of the car, its clean, polished, refined look, its rare symmetry of line, and the evident sincerity in its construction.

Thousands who have the rare fortune of possessing a Post-War Maxwell have been gratified time and again by the silent approval of the man on the curb. But they have a double satisfaction; they know they drive not only a good looking car but a remarkably good acting car.

For there have been a score or more of rather revolutionary improvements in the Maxwell.

They can tell a volume about that easy casting effect in steering which a new type front axle gives, or that perfectly happy and secure feeling that is experienced when the emergency brake is applied (it's on the transmission shaft), or how the car hugs the road as a result of that masterly new rear axle.

When one stops to realize the great virtues of the 300,000 Maxwells that precede this, notes the new improvements, estimates their cost, and observes that the price is only \$985 f. o. b. Detroit, he gets a pleasant surprise—but not one bit more than when he takes his first ride behind the wheel.

SOMETHING BETTER IS WANTED.

America will respond to President Wilson's challenge that Senator Lodge and his followers "give us something better than the League of Nations, or quit." "Opposition without remedy is Bolshevism," the President declares, and fair-minded men will be inclined to agree with him.

The President opens the eyes of many when he admits "I don't like the Shantung settlement any better than you do." However, since Japan has agreed to return Shantung to China after the League of Nations is formed, the opposition crumbles when based on that feature of the agreement.

To refuse the treaty until this agreement of Japan's is written into it would be an affront to the people of the Mikado which would gain us nothing other than a possible necessity for fighting Japan to enforce our demand.

The average man is becoming more convinced that any objections to the League of Nations may be ironed out more easily after it is adopted than by insisting on change now. The whole thing is based on open door diplomacy, and an agreement on the part of nations to discuss any disagreement without cholera before going to war—to give reason and public sentiment a chance.

The world is anxious for peace, and it waits upon the American Senate for action. If Senator Lodge and his associates defeat ratification of the League of Nations, the people of the United States will, with the President, demand that Senator Lodge and his coterie go to Europe and negotiate something better.

HELPING THE "UNDER DOG."

Wilbarger county is asked to give \$3,000 this month for helping the "under dog." We have perhaps fewer of them here than are found in the larger cities, and to that degree our contribution will be less selfish.

The "under dog" is the fellow, usually with a home, and who goes down when he loses his job and sickness leaves him hopelessly in debt. He isn't strong, and hasn't the courage to fight what seems like a losing game; but he does frequently clean up and make a decent citizen after the Salvation Army gets through with him.

All of us are interested just now in the making of good citizens, because any other kind is a menace to the liberties our fathers fought to gain and our sons fought to make secure.

The "under dog" is an apt recruit of the Bolshevik, and the Salvation Army is apparently far and away the most effective agency in combatting that scourge of civilization—a tribe more autocratic than the Czar and more merciless than the average imagination can picture.

These are some of the reasons why Wilbarger citizens will give more than \$3,000 for the Salvation Army.

That the city administration will permit North Fannin street to remain a dumping ground instead of a thoroughfare is unthinkable. True, one can tra-

verse the street now, by turning to one side. Its middle is piled high with a conglomerate mass of refuse. The only justification for permitting Fannin to become a mass of weeds after it was made a dumping ground is an unprecedented shortage of labor. That condition is less acute now, and a united citizenship should insist upon an abatement of this nuisance.

Seventeen schools in Wilbarger county will be actively engaged this year in promoting better citizenship through the friendly rivalries of the Inter-scholastic League. Few of the fathers can engage in a contest without some feeling. Their education is deficient to that extent. It is hoped that the Inter-scholastic League will do what its promoters have planned—develop a love of excellence, preferably in one's own school, but an unselfish recognition of excellence wherever found. What our boys and girls need to have inculcated into them is a determination to find the best, and the spirit which will scorn mean practices to win any honor.

## OKLAUNION FARMER SHIPS CAR KAFFIR

LON BYARS SELLS 1,450 BUSHELS  
TO VERNON DEALER AT \$1  
F. O. B. CAR.

Lon Byars, a well known farmer living east of Vernon, enjoys the distinction of perhaps being the first to ship a car of threshed kaffir corn from one farm. Mr. Byars sold 1,450 bushels of his crop to Walter L. Ferguson, a grain dealer of Vernon. The price was \$1 per bushel f. o. b. car at Oklaunion.

Mr. Byars says his crop yielded on an average of about 45 bushels per acre. Car shipments of maize, feterita and other grain sorghum crops are not infrequent, but Mr. Ferguson says so far as he knows this is the first solid car of kaffir to be shipped out of the county, and is quite certain that it is the first to be shipped from one farm.

### CHRISTIANS MAY CALL PASTOR.

Officers of Church Anxious That Members Hear Rev. W. L. Thornton Tomorrow Night.

Rev. W. L. Thornton of El Reno, Okla., who was scheduled to fill the pulpit at the Central Christian Church last Sunday was unable to arrive, but will address the local congregation tomorrow night. W. E. Byson, instructor in English in Texas Christian University at Fort Worth, preached both morning and evening Sunday at the local church before a large congregation.

Rev. James A. Cross, chaplain in the United States Army and for eighteen months with the army overseas, will preach at both services Sunday. Rev. Cross is said to be an able speaker and will tell some interesting experiences with the army.

The officers of the church are particularly anxious that the members of the congregation be present to hear both Rev. Thornton and Rev. Cross, as the matter of selecting a pastor will be taken up at an early date.

### Wilbarger and Wichita Roads Worst.

Messrs. and Mmes. J. P. and W. C. Pettit returned yesterday from a tour of Wichita, Archer, Young, Jack, Clay, Montague and Denton counties, and through Oklahoma from Medill to the bridge across Red River at Burkburnett. Corn and feed stuff promise fine yields, according to J. P. Pettit, but cotton is spotted. Mr. Pettit says crops were fine in the Wichita Valley, but they could hardly be seen for the weeds. The worst roads he found on the trip were those in Wilbarger and Wichita counties.

### MISS JULIA McHUGH WEDS.

Popular Vernon Girl Becomes Bride of Albert Stone of Hutchins, Texas.

Albert Houston Stone and Miss Julia McHugh were married last night at the home of Mr. and Mrs. J. N. Johnson, 125 South Deaf Smith street. The ceremony was performed by Rev. Henry F. Brooks, pastor of the First Methodist Church, before members of the immediate family and a few friends. Mr. and Mrs. Stone left on the midnight train for Fort Worth and other points in North and East Texas.

The bride is a daughter of Judge and Mrs. E. L. McHugh and is well known in Vernon and surrounding country, having been reared here. She is a graduate of the local high school and was one of the most popular of the younger set. She also attended the West Texas State Normal at Canyon, and taught at Vega, Texas, last year. The groom has been engaged in the ranching business in West Texas. His parents reside near Hutchins.

A host of friends will unite with The Record in extending to the young couple congratulations and best wishes for many years of happiness and prosperity.

### Hazards Go to Visit Old Home.

Mr. and Mrs. W. M. Hazard of West Vernon leave today to visit their old home in Taylor county, Kentucky. This is the first trip since they left there thirty-five years ago. En route they will stop at Clinton, Missouri, to visit two daughters, Mmes. C. D. Cameron and W. T. McQuitty.

### Be Rid of That Ache.

If you are a sufferer with lame back, backache, dizziness, nervousness and kidney disorders, why don't you try the remedy that your own neighbors recommend.

Mrs. W. C. Alderman, N. Bowie street, Vernon, says: "I know Doan's Kidney Pills are all they are claimed to be for I have used them and also other members of my family with wonderful results. Last fall my back and kidneys began to trouble me. There was a steady ache in the small of my back and through my shoulders, nearly all the time. I was so sore and lame I could hardly bend over. I suffered from dizzy spells. My kidneys were weak and irregular in action. I just used one box of Doan's Kidney Pills and they cured me entirely of my trouble."

### GOES TO NEW MEXICO RANCH.

Robert Burns Recently Sold Considerable Oil Holdings in Louisiana to Standard Oil Company.

Robert Burns left last night for Gallup, New Mexico, to look over the ranch he recently purchased from the Richelieu people of Fort Worth. The ranch contains 23,000 acres and the purchase price was \$100,000. Considerable drilling is being done in that section and Mr. Burns believes the country will prove to be a productive oil field.

Mr. Burns recently returned from Louisiana, where he went to close a deal with the Standard Oil Company, in which transaction he sold a large tract of oil land.

Judge R. W. Hall returned yesterday to Amarillo, after spending about two weeks in Vernon transacting business.

G. R. Baker and family of Oklahoma City are visiting friends here. They formerly lived here.

### DIES AT HOME OF SISTER.

Miss Maggie Chandler Succumber Friday Afternoon And Was Buried Saturday Morning.

Funeral services of Miss Maggie Chandler were conducted at the home of her sister, Mrs. G. C. Bishop, on North Mesquite street at 10 o'clock Saturday morning by Rev. W. T. Rouse. She died Friday at 3 o'clock, after an extended illness. Deceased, whose home was in Colorado, came to Vernon for the benefit of her health. She was nine years of age.

## The Rise of the Under-Dog

By Herbert H. Ehler.

The "poor devil" was once a respectable, decent sort of fellow; not particularly ambitious—nor perhaps very energetic; neither was he blessed with much of this world's goods—but, he was respectable. He was a good sample of literally millions of people who were looking at life just the same as this "poor devil;" he didn't know where he was going, but he was on his way. He didn't care and neither did anybody else.

### What happened?

You've heard the story before—how the "poor devil" married—raised a family of five; the oldest about seven years of age—how he lost his job; got discouraged—began to drink—and landed in the gutter!

Homeless, friendless—in and out of jail—but mostly "in."

And then, one terrible, cold night the "poor devil" was kicked from the saloon, landed in the street—and there he was picked up by two members of the Salvation Army and carried to the nearby "Home." He was bathed, fed, and made comfortable.

The next morning was Sunday—the "poor devil" had no place to go, so he just hung around the "Home" until "morning service." He attended that meeting—he told his story to those other derelicts that were there—those other "poor devils." The officers and soldiers of the Salvation Army listened as they had listened before to thousands just like him.

Did the "Army" turn a deaf ear to the

"poor devil?" Did those Salvation Army Fathers, Mothers, Lads and Ladies take a "public be damned" attitude?

They did not. They put out a helping hand—they lifted him out of his mental and physical misery—they encouraged him; prayed for him and with him, and gave him moral courage to fight temptation. And the "poor devil" began to rise—he became a producer instead of a dependent—he was the under-dog no more!

Such is just one element of the many humanizing works of the Salvation Army.

Give the "under-dog" a "toehold" and a "boost," and at least seven times out of ten he is redeemed—he becomes a useful citizen.

The question that arises just here is "Does the saving of thousands of 'under-dogs' each year and making of them useful citizens of the United States, rather than Bolsheviks, anarchists and murderers, justify the Salvation Army in appealing to the more fortunate public for funds to carry forward this great benevolence?"

Is the Salvation Army worthy of your help in protecting you (as it does) against the menace of thousands of derelicts that each year are saved from themselves—saved from committing crime—saved from becoming members of the terrible "Reds" that today threaten the peace of the world?

Surely your answer is "YES!"

CAMELS are the most refreshing, satisfying cigarette you ever smoked! Put all your cigarette desires in a bunch, then buy some Camels, give them every taste-test and know for your own satisfaction that in quality, flavor, smooth-body and in many other delightful ways Camels are in a class by themselves!

Camels are an expert blend of choice Turkish and choice Domestic tobaccos. You'll not only prefer this blend to either kind of tobacco smoked straight, but you'll appreciate the remarkable full-bodied-mildness and smooth, refreshing flavor it provides! Camels are a cigarette revelation!

Camels win you in so many new ways! They not only permit you to smoke liberally without tiring your taste but leave no unpleasant cigarette aftertaste or unpleasant cigarette odor!

Compare Camels with any cigarette in the world at any price! You'll prefer Camel quality to premiums, coupons or gifts!

### 3 TRUCKS RECEIVED FROM GOVERNMENT

JUDGE SAYS MACHINES WILL BE USED TO HELP IMPROVE ROADS.

The three trucks allotted to Wilbarger county by the Government for use on the public roads arrived Saturday from Dallas and are stored with the Smith Auto Sales Company. J. B. Nabers went to Dallas and brought them through the country. The trucks are known as the "Government Kelley 3 1-2 ton." They can carry five tons without any trouble, however.

The Government allotted trucks to the various counties for road work for a small annual rental and the expense of transportation from the distribution point to the county seat. They will be used largely in this county in pulling drags, according to County Judge E. L. McHugh, on public roads.

The tractor and grader recently purchased by the county for road work have not yet arrived but are expected at any time.

### OATS AVERAGE FIFTY BUSHELS.

Claude Hamilton Advises Farmers Around Doans Have About Finished Threshing Grain.

An average of about fifty bushels to the acre is the record made by ninety acres of oats raised by Claude Hamilton living west of Doans. The crop produced a total of 45,000 bushels. His wheat did not do so well, on account of having been damaged by rain and hail. He said he had enlarged his granary space until he had plenty of room and the embargo on wheat does not affect him.

The Doans man said that practically all of the grain in that country had been threshed and the farmers were now busy heading grain sorghum.

## CONSUMERS AND PRODUCERS MUST HELP FIGHT "T. B." IN MILK COWS

It is hard to find any better food than good milk, yet if the milk used in the daily diet is not good it is a constant source of danger. If the milk is produced by cows that have tuberculosis—and there are thousands of them in this country—and is not pasteurized, the germ of the dreaded disease may be transmitted to humans. This is the reason consumers as well as producers of milk should be deeply interested in, and give their support to what the United States Department of Agriculture is doing to stamp out tuberculosis in dairy cattle.

The plan is to certify officially all herds the owners of which have complied with specified requirements which show beyond doubt that the animals are free from tuberculosis. In December, 1917, the plan was adopted jointly by the live stock sanitary officials of all the States in the Union and by the Federal Department. It consists of giving the tuberculin test to every animal in the herd at least twice a year, at the end of which time, if all the animals are found free from the disease, the herd is accredited tuberculosis free.

### Plan Gains Wide Interest.

The idea and advantages of accredited herds of cattle found to be free from tuberculosis gained wide publicity and popularity among cattle breeders from the start. They appreciate the fact that a certificate of approval indorsed by the State in which the herd belongs, and found indorsed by the Government, gives prospective purchasers confidence that the animals are free from the disease and they are in consequence willing to pay a considerable advance in price for such animals. During the first year after the plan had been in operation, 296 herds, comprising 9,281 cattle, were fully accredited as free from tuberculosis, and 1,462 herds having 35,053 cattle passed one successful test in preparation for certification. In addition, 1,622 herds, both pure-bred and grade, totaling 98,002 animals, were under supervision for the eradication of tuberculosis. Each month a large number of additional herds are taken under supervision.

### Many States Cooperating.

Tuberculosis eradication work is now being carried on in more than 40 States in cooperation with the State live stock sanitary officials and stock owners. Joint agreements between the State and the Federal Department of Agriculture governing the application for the tuberculin test, and the handling of the herd, are forwarded to each owner interested in having his herd freed of the disease, or in having it accepted as officially accredited.

It has been found by very careful experiments and practical work that tuberculosis cannot be detected to any great extent among animals by a physical examination. Herds which seem apparently healthy may be extensively affected with tuberculosis. The most reliable method for definitely determining whether tuberculosis exists is the tuberculin test applied by a trained operator. Tuberculin, while it is the most accurate diagnostic agency known to science, is safe only in the hands of a trained and skilled operator who is acquainted with its limitations and with the symptoms it produces in the animals to which it is applied.

### All Pure-Bred Herds to Be Tested.

It is proposed to carry on the accredited-herd plan until practically all pure-bred herds of cattle in the United States are under State and Federal supervision for the eradication of tuberculosis. Thus, it will be possible for an owner in one State to purchase cattle in another State with the assurance that he will receive animals that may be introduced into his herd with perfect safety, so far as tuberculosis is concerned. Under former conditions, many such animals proved to be a menace in place of an asset.

In addition to the accredited-herd plan, the eradication of tuberculosis from live stock will be carried on in circumscribed areas comprising one or more counties. The disease will be eliminated from cattle and swine in such areas, and the campaign extended until it takes in entire States.

In order that the work may progress satisfactorily, it is necessary that live stock owners cooperate to the fullest extent. The success of the movement for eradicating tuberculosis rests upon

the live stock owners of the country to a greater degree than on any other force; whenever they are ready and willing to "get behind" the work, success is bound to follow.

## The "Soul" of Music

Without "soul" music would be void of all its beauty and life.

"Soul" is found only in original music—music that flows direct from the lips of the singer or springs direct from the strings of the master's violin. Music, as RE-CREATED by

## The NEW EDISON

"The Phonograph with a Soul"

is original music—over two thousand representative music critics say so. They say in the columns of their own papers that the voice of the singer and its RE-CREATION are one and that the New Edison does literally RE-CREATE vocal and instrumental music without the slightest deviation from the original.

The New Edison makes it possible for you to have in your home the voices of great singers and the performances of great instrumentalists as real as life itself.

## MAY BRING COTTON HERE FROM FOARD

NEIGHBORING COUNTY AGENT SAYS FARMERS WANT STAPLE CLASSED BY MAN HERE.

P. D. Cheney, county agent of Foard county was in Vernon Monday and today conferring with Government Classifier S. H. Johnson with reference to getting the cotton of that county classed and marketed in Vernon. Mr. Cheney said he had spoken to a large number of farmers over the county and a number had come to him, inquiring about the working principles of Government classing and marketing. The people of Foard county, he said, were enthusiastic over the proposition and indications are that a large per cent of the cotton from that county will be brought to Vernon for classing and marketing.

A meeting of the committee appointed to make final arrangements for the cotton classing work will be called soon. A decision will be reached at this meeting as to what charge shall be made for classing, and the final details will be completed for the season's work.

Vernon was one of the twenty-four cities in the State selected by the United States Bureau of Markets for the location of a classifier. The territory to be served by Mr. Johnson from the local office includes practically all of this part of Texas and a large portion of the southern part of Oklahoma.

### May Bring Mexicans to Pick Cotton.

County Agent N. R. Tisdal is in receipt of a communication, advising that Mexican cotton pickers may be brought into Texas this fall where their help is needed. Mr. Tisdal is writing today to the Immigration Commissioner at El Paso to learn just what these conditions are. He requests that farmers who anticipate needing help of this sort see him.

## ONE-FOURTH SCHOOL INCREASE EXPECTED

SUPERINTENDENT B. F. SISK SAYS OPENING YESTERDAY WAS AUSPICIOUS.

The city schools opened Monday morning under auspicious circumstances, and with an attendance, which, according to Superintendent B. F. Sisk, promises to be the largest in their history. The schools have not been so organized as to permit an accurate record of the attendance but Mr. Sisk believes the increase over last year will amount to twenty or twenty-five per cent. The scholastic population of the city has increased considerably since the taking of the census last spring.

Practically all of the text books, supplied under the free text book law, have arrived and the final shipments are expected within the next few days. The teachers will be busy during the first two or three days checking up the book shipments and checking them out to the students. The system by which these books must be handled involves a great deal of time and this matter must be disposed of before the studies can be taken up.

All of the teachers have arrived and are comfortably located as to room and board but some of them are having trouble getting their baggage and personal effects from home. Some have had their trunks shipped for more than a week and will be greatly handicapped in their work until these are received.

### Notice to Oratory Pupils.

I will teach oratory in Vernon this fall and winter. I have had four years of work at Texas Christian University, including a post graduate course last year. Special features of my work will be instruction in voice culture and physical culture at each lesson and a class recital once each month. My studio at 517 West Paradise street will open September 16th. For enrollment you may either call at studio or telephone 287. 68-21c Adv. THELMA SMITH.

### Artists to Appear in Fort Worth.

A group of eight artists who are touring the country will give a program at Fort Worth on September 24. They will appear in Dallas the following day. Included in this number are: Henry Burr, Billy Murray, Albert Campbell, J. H. Meyers, Frank Croxton, Monroe Silver, Fred Van Eps and Frank Banta. A number of local people are planning to attend the program at Fort Worth.

### WILL TEACH NURSING HERE.

Persons Interested in Better Care of Sick Urged to Enroll With Red Cross.

The local Red Cross Chapter announces that its course in nursing will begin about the first week in November. The course will continue at least two weeks, and it is hoped that women from all over the county will enroll.

Mrs. A. B. Stovall, chairman of this division, says there will be no charge for taking the course. That will be taken care of by the Red Cross. All that is necessary is to enroll, and women interested are requested to notify Mrs. Stovall, or Mrs. J. A. Randall, who is secretary of the nursing division. Their telephones are 400 and 329, respectively.

Roub Berry arrived Sunday from Fort Worth to spend the week with his father, T. A. Berry. He has been working in a bank in Fort Worth this summer and will return Sunday to enter Texas Christian University for the next session. He attended this institution last year.
